Dear [Intake to put title then last name here e.g. Dr. Jones or Mrs. Johnson],

I look forward to meeting with you and your child at the upcoming appointment on [date] at [time]. I hope to understand the unique hardships and strengths your child possesses, and if possible help he/she in his/her journey.

The address to The Remedy is 3640 Talmage Circle, Vadnais Heights, MN, 55110. We are located on the second floor in suite 216.

As part of the process to establish care, I request my patients to answer an intake form before their first appointment. Please fill out the intake form below and bring it with you to your first appointment. Please bring in previous psychological evaluations, neuroimaging (e.g., MRI or CT), and/or academic records. This information, along with all other information told to me, will remain confidential.

To provide the best care possible, I try to start my appointments as closely as I can to the given start time. Because the check in process takes about 10 minutes, I ask my patients to arrive 15 minutes early to the appointments. Frequently, we have patients scheduled back-to-back and therefore are unable to extend appointment times. If a patient is 15 minutes past their scheduled start time we will have to reschedule the appointment.

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly "full" appointment book. If an appointment is not cancelled at least 48 hours (not counting weekend or vacation days) in advance you may be charged a "no-show" fee; this will not be covered by your insurance company.

I look forward to working with you and your child.

Sincerely,
Cal Fasching, PsyD, LP

INTAKE

Please answer the following questions about your child's health and history. Although this form is lengthy, it is designed to be very thorough. Completing this information before your appointment will greatly assist the doctor to best use your assessment time with her /him by enabling a more detailed focus.

Date of Evaluation with Dr. Fasching: _____

I. Identifying & Demographic Information

A. Information About Your Child

Child's Name: _____

(Last) (First) (Middle)

Child's Date of Birth: _____ Child's Age: _____ Child's Sex (circle): F M

Child's Current Address: _____

_____

_____
